## COMFORT IN BATH AS AN INSPIRATION

- AQWELLA is a company with 25 years experience in bathroom furniture production.
- We produce our furniture from European environmentally friendly materials
- Our product is delivered to customers in assembled form. In a case of damage every part can be ordered from us and easily installed.
- All parts made of MDF are coated with five layers of paint using ultraviolet curing technology. That is why the surface of the facades and sides of our furniture is perfectly flat, moisture resistant and impact-resistant.
- Our main partner in the field of accessories is BLUM company which is well known as the world leader in its sector. BLUM presents innovation and high quality in its production. All Blum components in AQWELLA furniture have the guarantee for the entire life of the furniture.
- We only use silver-based amalgam mirrors from Japan company AGC. This kind of mirrors perfectly suit the rooms with high humidity.

# COLLECTIONS

## ALICANTE

The collection is represented by a wall-mounted cabinet in the size of 55 cm, which is completed with a ceramic washbasin of the Russian factory Santek. The assortment offers a wide choice of mirrors or a mirror cabinets. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are made of chipboard (high density particle board) in gray oak color. The drawers of the pedestals are equipped with full extension guides with closers. All doors are equipped with furniture hinges with an integrated door closer that ensures smooth closing.

## ALLEGRO

The line of furniture is presented by floor and hanging cabinets in five different sizes: 50, 65, 75, 85 and 105 cm in width. The bathroomsets are completed with ceramic washbasins produced by the Russian Kirovit factory. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty), inside the drawer - laminated chipboard with a light wood structure. The Allegro collection is completed with mirrored cabinets of the MC series, which are universal and can be applied to any AQWELLA furniture bathroomsets. All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing.

## BARCELONA

The collection in the classic style is presented by floor units in five sizes: 55, 65, 75, 85 and 105 cm in width. The series is equipped with a large number of additional elements that allow the most efficient use of space in the bathroom of any size. The bathroomsets are completed with ceramic washbasins produced by the Russian Kirovit factory. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). The mirrors are equipped with LED lighting, a switch and a socket. All doors are equipped with furniture hinges with an integrated door closer that ensures smooth closing.

## BRIG

The furniture is available in white, glossy enamel. The collection is represented by both floor and hanging pedestals in two sizes: 60 and 75 cm in width. The bathroomsets are equipped with ceramic washbasins produced by the Russian factories Kirovit and Sanita Luxe. The series is equipped with a large number of additional elements that allow the most efficient use of space in the bathroom of any size. The facades and the body are made of laminated chipboard (high density particle board). Capacious drawers of pedestals are equipped with full extension guides with soft closing systems. The collection is completed with both mirrors and mirror cabinets. All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing.

## CITY

The laconic and modern City collection fits most bathroom interiors. The cabinet is made of laminated chipboard (high density particle board) with a wood structure in two colors: Baltic oak and Canadian oak. Laminated chipboard covered with glossy enamel is applied on pedestals and pencil cases. The universal left / right mirror cabinet has two open shelves. The bathroomsets in sizes 50 and 60 cm are equipped with washbasins of the Czech concern Dreja and the Polish production of Cersanit. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). It is possible to add a hanging universal left / right pencil case 35 cm wide in the bathroom interior.

## CORSICA

The collection is represented by floor cabinets in three sizes: 65, 75, and 85 cm in width and is completed with ceramic washbasins produced by the Russian Kirovit factory. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). The collection is completed with mirrored cabinets with middle doors opening system. All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing.

## FARGO

The facades and the body are made of laminated chipboard (high density particle board) in Baltic oak color and matte black edge. Fargo cabinets are available in four sizes of 60, 70, 80 and 100 cm in width. They are equipped with ceramic washbasins of the Foster series produced by the Russian Kirovit factory. The curbstones are supplied in a suspended version with two drawers, however, when installing the head bathroom sets, they can be made floor-standing. To do this, you need to add the required size legs to the bathroom set. The legs are metal and painted black. The aluminum handles on the pedestals are also painted black. You can place the handles on the right, left or center of the facade. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). The drawers are made of laminated chipboard in Baltic oak color. The collection is completed with RM series mirrors in a 2 mm metal frame. The mirrors are available in three sizes with a diameter of 60 and 80 cm and a width of 50 cm. It is possible to add a hanging universal left / right pencil case 35 cm wide in the bathroom interior. Pencil case doors are constructed with a push-to-open opening system. The curbstones and pencil cases of this collection are equipped with Italian Camar awnings, which can withstand a load of up to 200 kg.

## FORMA

The Forma series of furniture is a complete bathroom solution with a washing machine under a single countertop washbasin. The collection is presented by floor cabinets in two versions: with one drawer (inside a laundry basket and two compartments for household accessories) and with two full-size drawers. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). The width of the curbstones is 53.5 cm. The facades and the furniture body are made of laminated chipboard (high density particle board) and covered with glossy white enamel. The bathroomset includes: a special siphon, which allows you to save furniture space, as well as a bracket for attaching a washbasin wing. The cast marble washbasins are available with left or right hand basins. Washbasin width is 115 cm. The collection is completed with MC series universal mirrors and SM universal mirrors. Various combinations of mirror objects are possible.

## FOSTER

The furniture is available in sonoma oak color. The collection is represented by both floor and hanging pedestals in three sizes: 60, 70 and 80 cm in width. They are differed by different functionality. The bathroomsets are completed with ceramic washbasins produced by the Russian Kirovit factory. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system, on which the producer gives a lifetime warranty. There is a laminated chipboard inside the drawer in the color of the furniture body. The mirror with a shelf is equipped with an LED light and a switch. The facades and the body are made of laminated chipboard (high density particle board).

## FRANCHESCA

**T**he collection in the classic style is presented by floor units in five sizes: 65, 75, 85 and 105 cm in width. The bathroomsets are equipped with ceramic washbasins Style collection made by Russian factory Kirovit. For the convenience of opening the curbstones, chrome-plated metal handles with ceramic inserts by the Italian producer Marella are used. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). The bottom drawer in the 65,75 and 85 cm pedestals is equipped with hidden guides from the Austrian company Blum with a soft closing system, on which the producer gives a lifetime warranty. All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing.

## LEON-MP

The collection is a perfect solution for compact guest bathrooms. The furniture is available in two colors: sonoma oak and white. The second coating is white glossy enamel. There is a mirror with an LED lamp and switch. The cabinet is completed with a universal left-right washbasin made of molded marble Unam 220. Facades and pedestal bodies are made of European-made laminated chipboard (high density particle board). The edge on all elements is applied using a laser, which significantly increases the moisture resistance of the furniture. The model is produced in the size of 40 cm in a suspended version and is equipped with a hinged door on furniture hinges with doorstop, which opens to the right.

## MANCHESTER

**M**anchester cabinets are available in two versions: floor-standing with three drawers and hanging ones with two drawers. The head bathroomsets are available in sizes 60, 70, 80 and 100 cm. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). The metal chrome handle is engraved with the AQWELLA logo. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). The bottom of the boxes is a gray laminated chipboard. A special feature of this collection is the system of organizing the internal space: a plastic tray with 3 storage compartments is installed in the upper drawer. The bathroomsets are completed with ceramic washbasins produced by the Russian Kirovit factory. The Manchester collection can also be completed with MC series mirrored wardrobes, which are universal and can be applied to many AQWELLA bathroom sets. As an additional element, we offer a hanging universal (left / right) pencil case 35 cm wide with two doors.

## NEO

The collection in a modern style is represented by both floor and pendant cabinets in three sizes: 60, 70 and 80 cm in width. The bathroom sets are completed with ceramic washbasins made by the Czech concern Dreja or the Russian factory Santek. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are also painted with laminated chipboard (high density particle board). Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing. A feature of the collection's mirrored cabinets is the external background lighting, which also illuminates the interior space. These mirrored cabinets are also equipped with an outlet and a switch.

## SMART

The Smart series of bathroom furniture is represented by cabinets of 50, 60 and 80 cm. The size of the furniture allows it to be used even in small bathrooms. Hanging bathroomsets with spacious drawer guides made by the Austrian company Blum. It has a soft closing system (for which the producer gives a lifetime warranty). All items in the collection are equipped with Italian Camar awnings, which can withstand loads of up to 200 kg. The body of the furniture is made of laminated chipboard (high density particle board) in two colors: Baltic oak and light concrete. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The integrated handles are made by milling the facade, and the material thickness of 22 mm provides a more comfortable grip when opening compared to analogues. The color of the bottom of the boxes matches the color of the sides. The collection is completed with ceramic washbasins of the Moduo Slim series of the Polish producer Cersanit. You can complete your bathroom furnishings with RM (round) or SM (illuminated) mirrors, or MC (mirror) cabinets to have more storage space.

## VEGA

Furniture for compact bathrooms is represented by a floor cabinet in the size of 55 cm, which is completed with a ceramic washbasin of Russian factory Kirovit. The curbstone is completed with a mirrored cabinet with left opening. All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing. The facades of the collection are made of MDF (high density fibreboard) and covered with 5 layers of white matte enamel. The sides are made of chipboard (high density particle board) in gray oak color.
