

CITY

The laconic and modern City collection fits most bathroom interiors. The cabinet is made of laminated chipboard (high density particle board) with a wood structure in two colors: Baltic oak and Canadian oak. Laminated chipboard covered with glossy enamel is applied on pedestals and pencil cases. The universal left / right mirror cabinet has two open shelves. The bathroomsets in sizes 50 and 60 cm are equipped with washbasins of the Czech concern Dreja and the Polish production of Cersanit. Drawers of pedestals are equipped with hidden guides of the Austrian company Blum with a soft closing system (for which the producer gives a lifetime warranty). It is possible to add a hanging universal left / right pencil case 35 cm wide in the bathroom interior.
