

BRIG

The furniture is available in white, glossy enamel. The collection is represented by both floor and hanging pedestals in two sizes: 60 and 75 cm in width. The bathroomsets are equipped with ceramic washbasins produced by the Russian factories Kirovit and Sanita Luxe. The series is equipped with a large number of additional elements that allow the most efficient use of space in the bathroom of any size. The facades and the body are made of laminated chipboard (high density particle board). Capacious drawers of pedestals are equipped with full extension guides with soft closing systems. The collection is completed with both mirrors and mirror cabinets. All doors are equipped with furniture hinges with an integrated doorstop that ensures smooth closing.
